

# Expense Tracker

Sevinch Rustamova  
Kamilla Juraeva

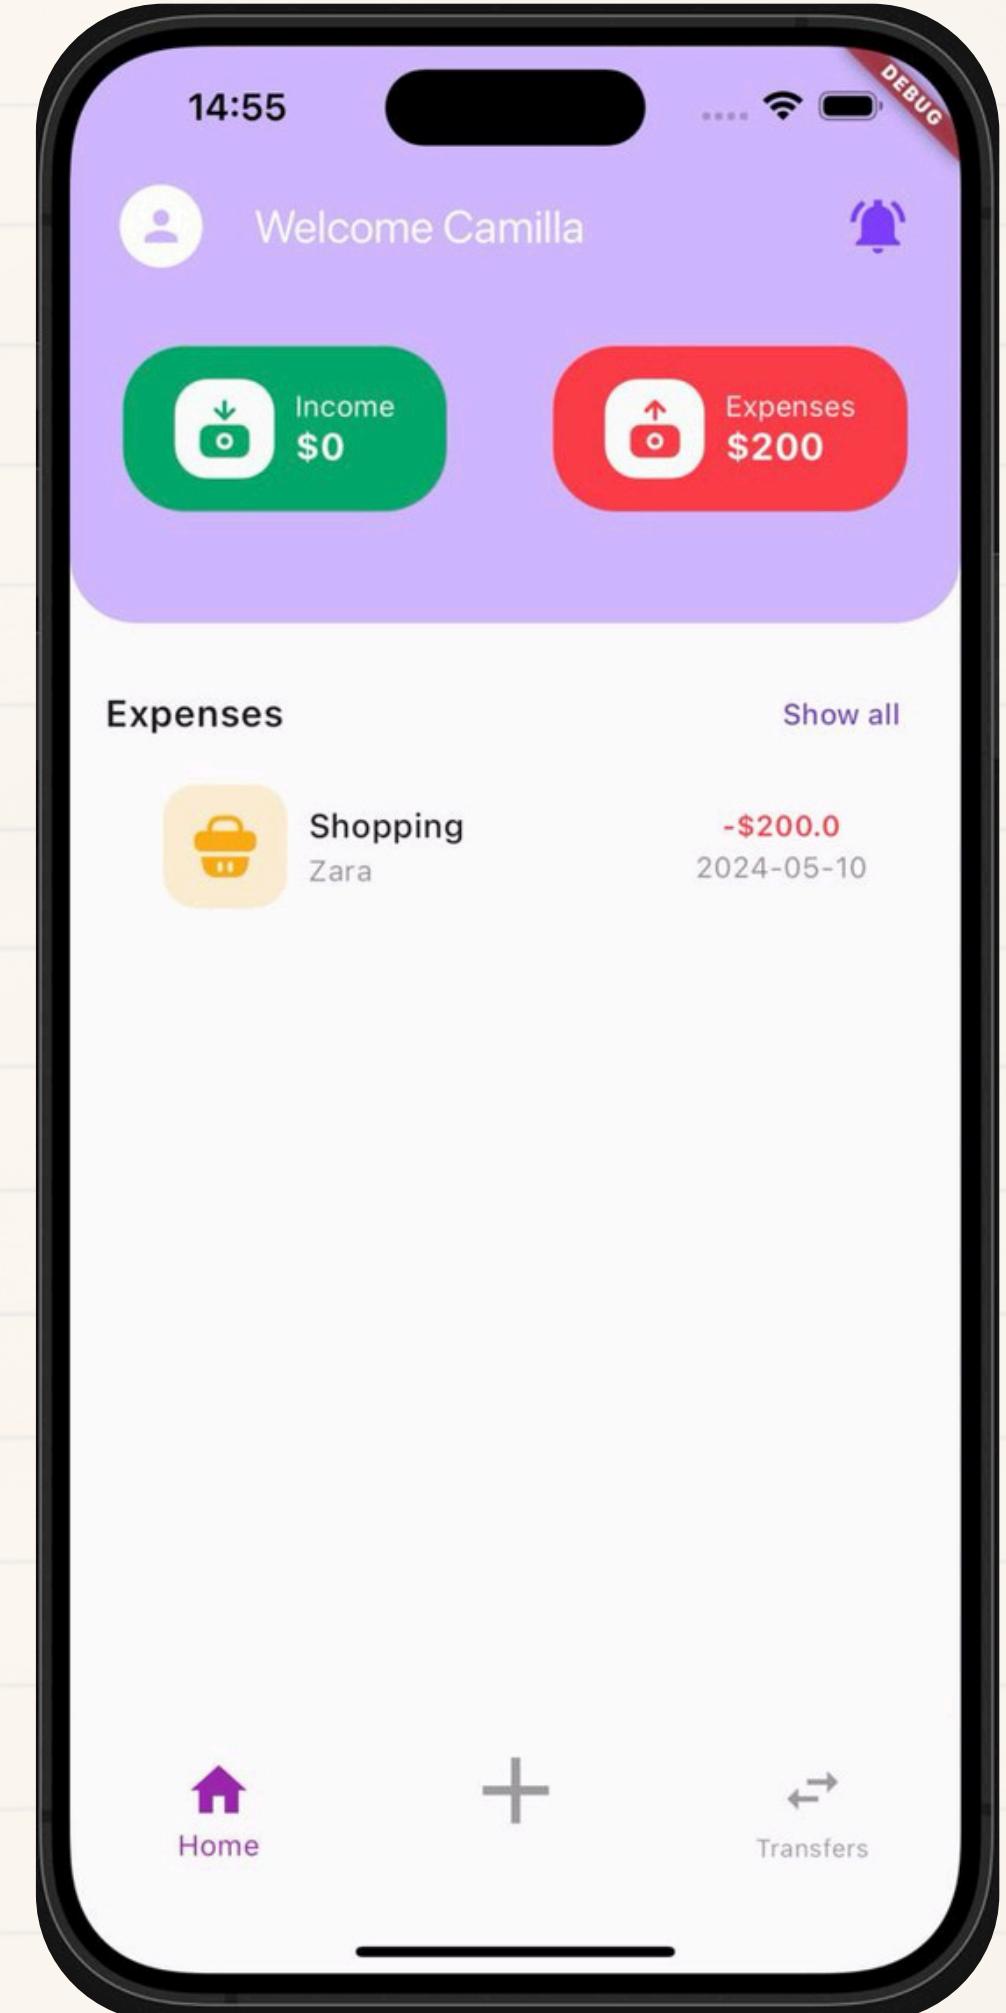

Samodil Beknazarova  
Sarvinoz Anvarova

# HOME PAGE

## Main page consists of:

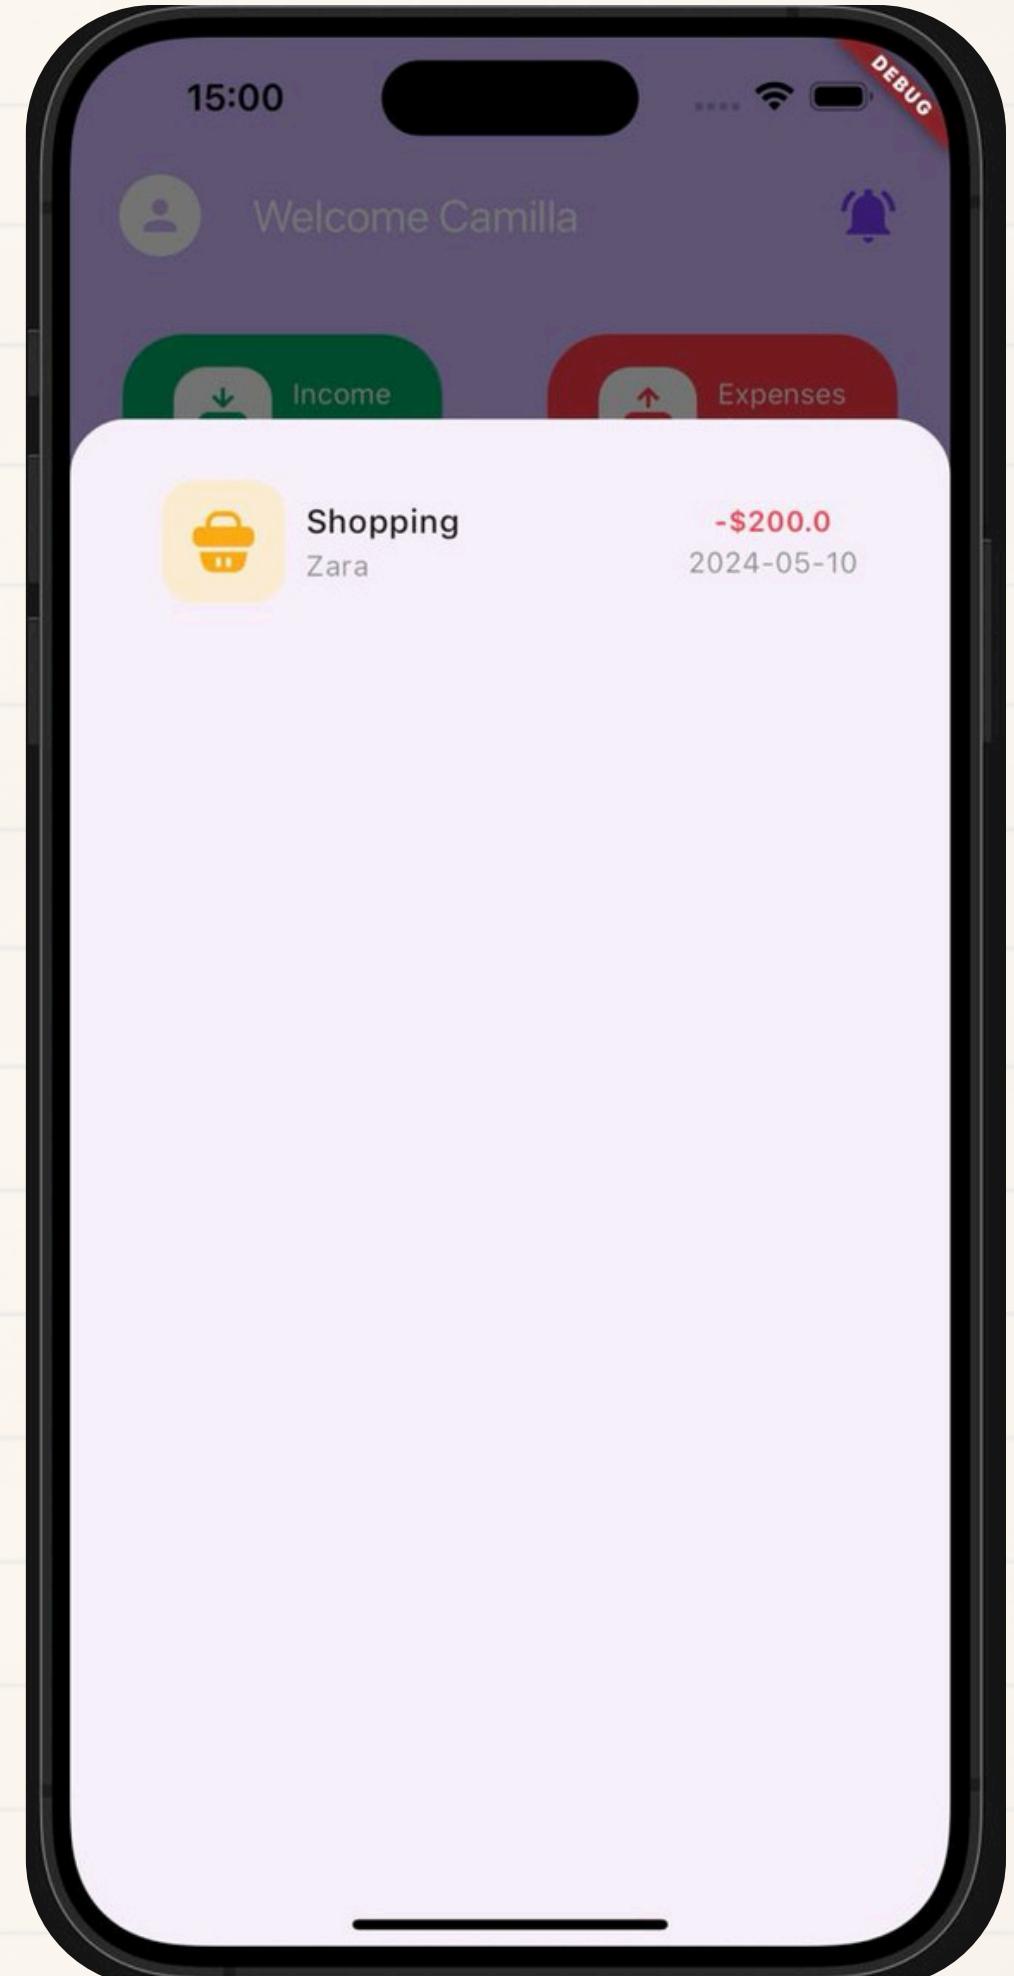

- Account icon + greeting
- **Notification button** : shows notifications in separate page
- **Income icon**: displays the amount of income for a month
- **Expenses icon**: displays the amount of expenses for a month
- Expenses layout: by default displays 5 recent expenses
- **Show all button**: displays the information about all expenses made
- **Home button**: takes to the home page
- **+ button**: takes to the + page
- Transfers button: takes to the transfers page

# HOME PAGE

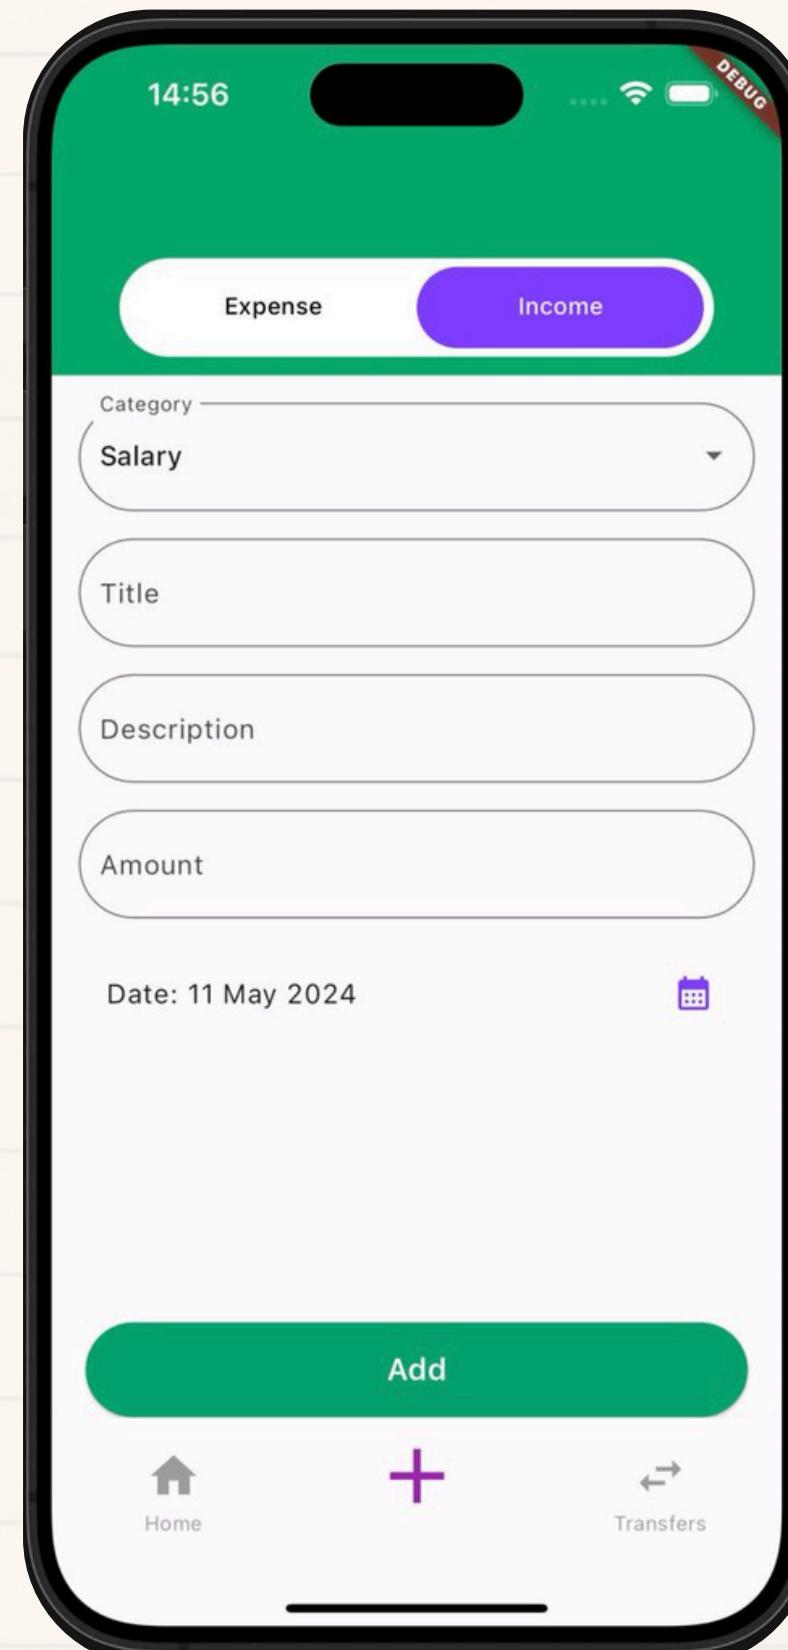

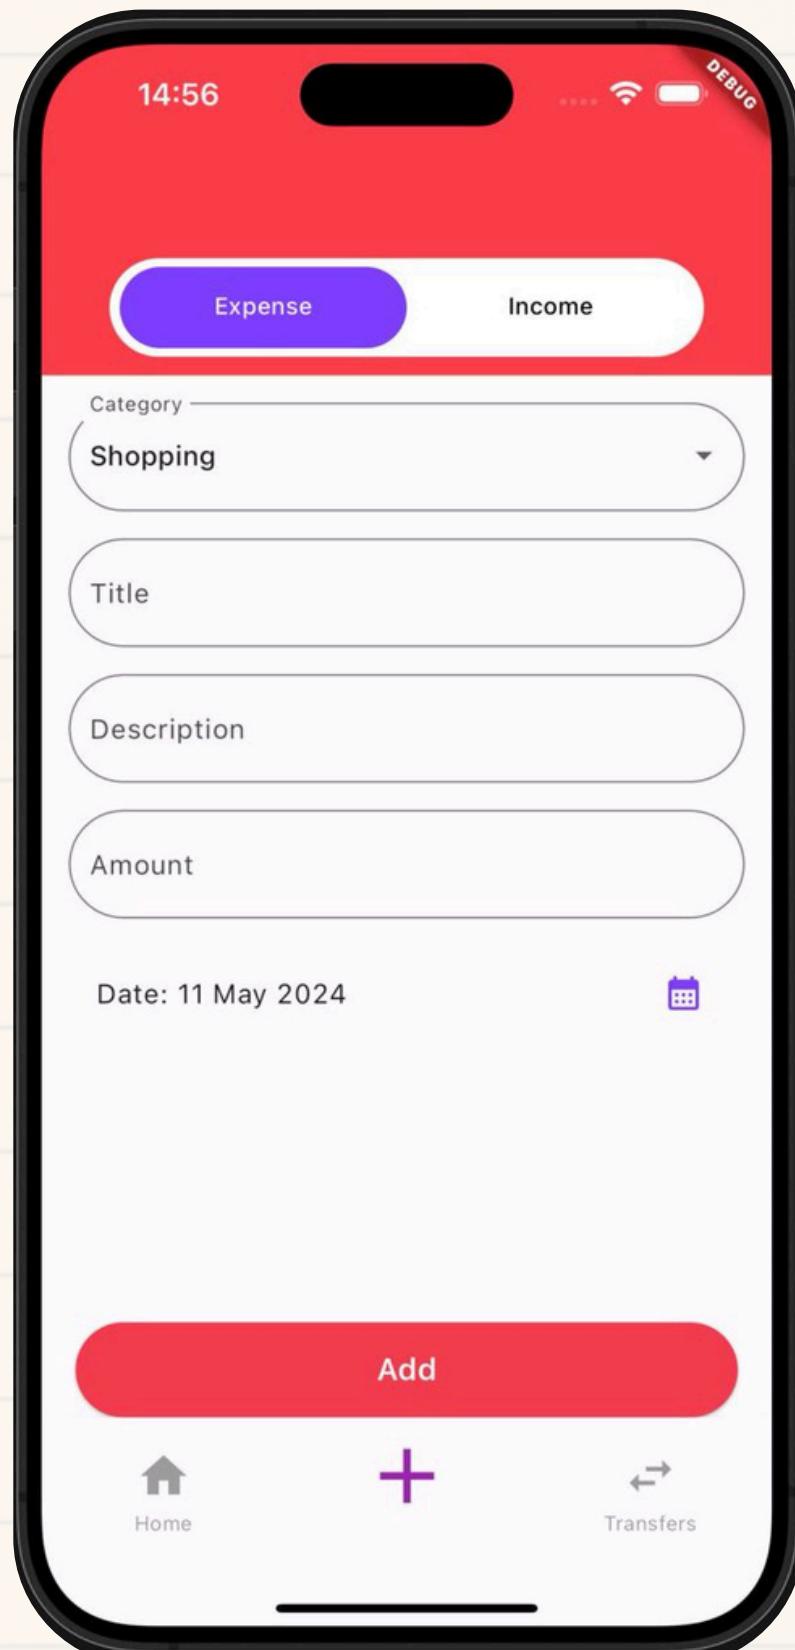

## Functionality of the **show all** button:

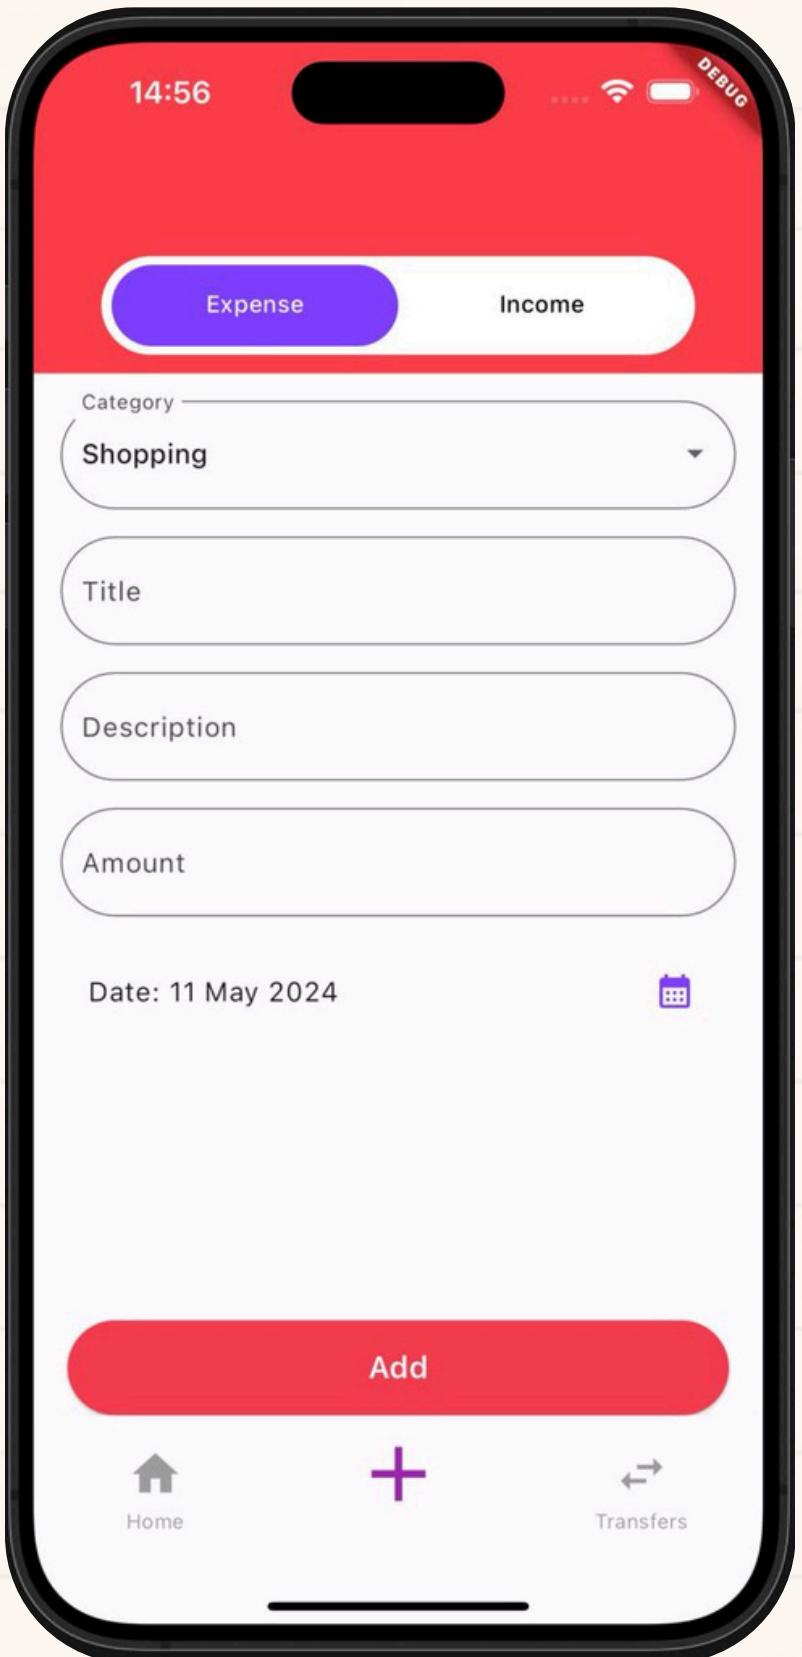

- Displaying the category of the expense (Shopping)
- To which company the expense was made (Zara)
- How much money was transferred (**-\$200.0**)
- When the transfer was made (2024-05-10)

# + PAGE

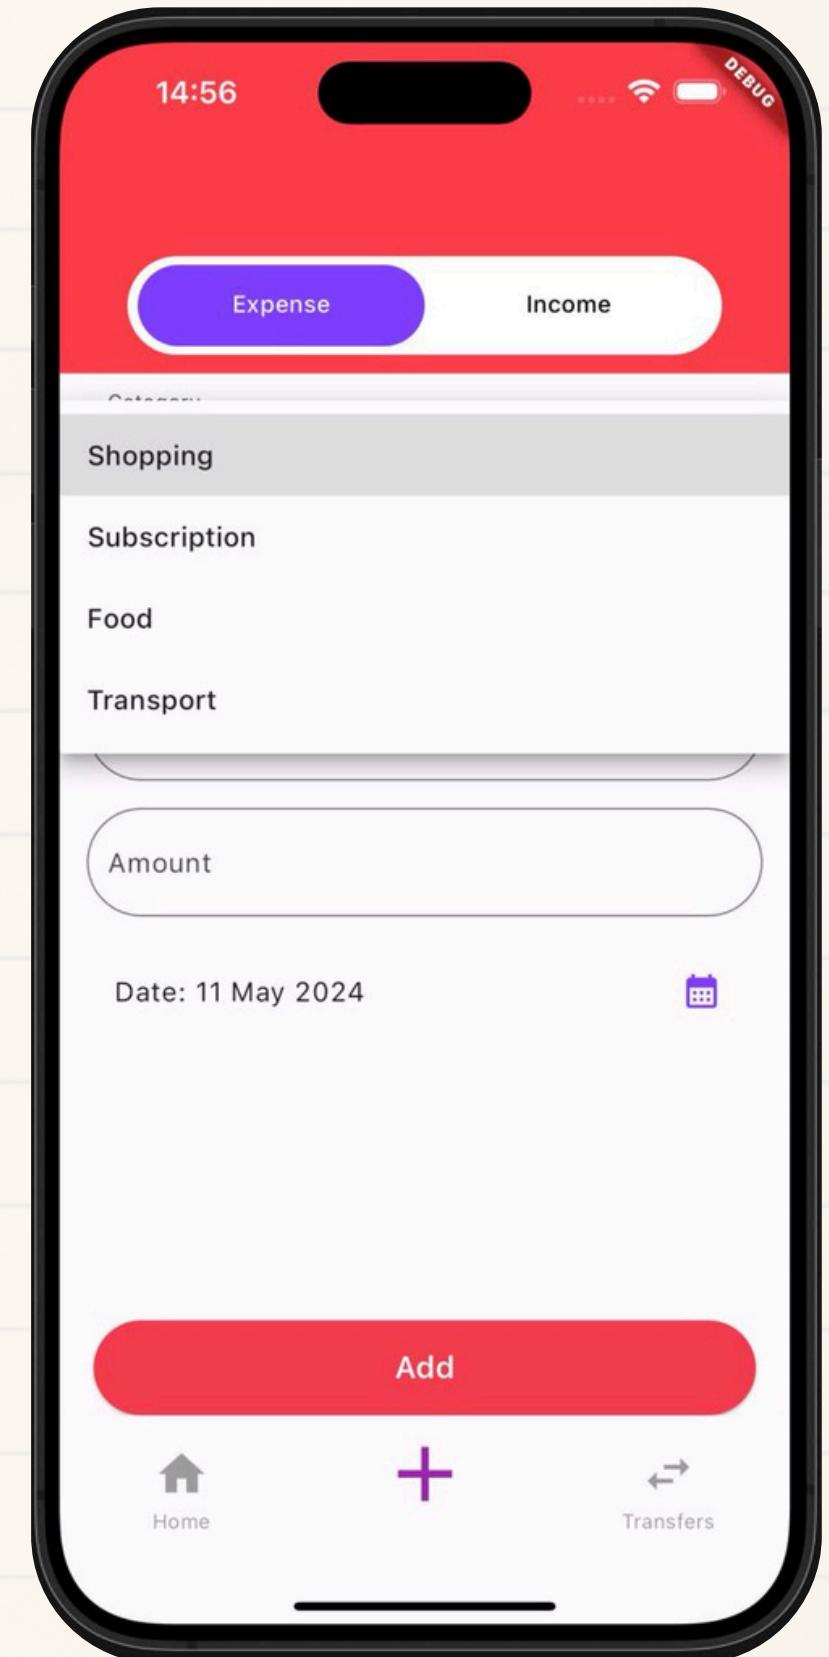

## Divided into Income and Expense

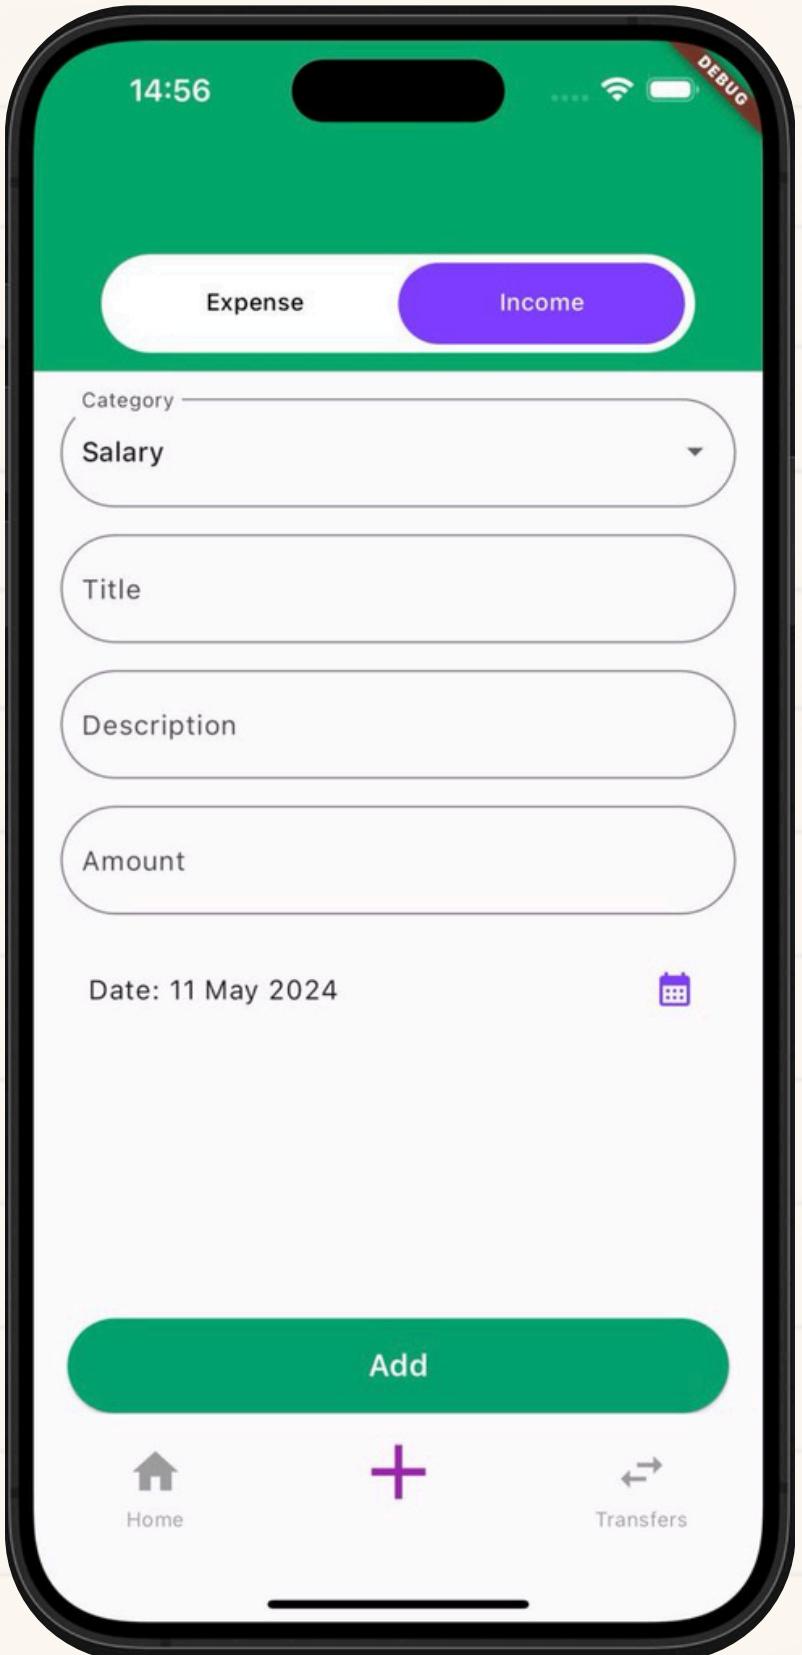

## Expense section consists of:

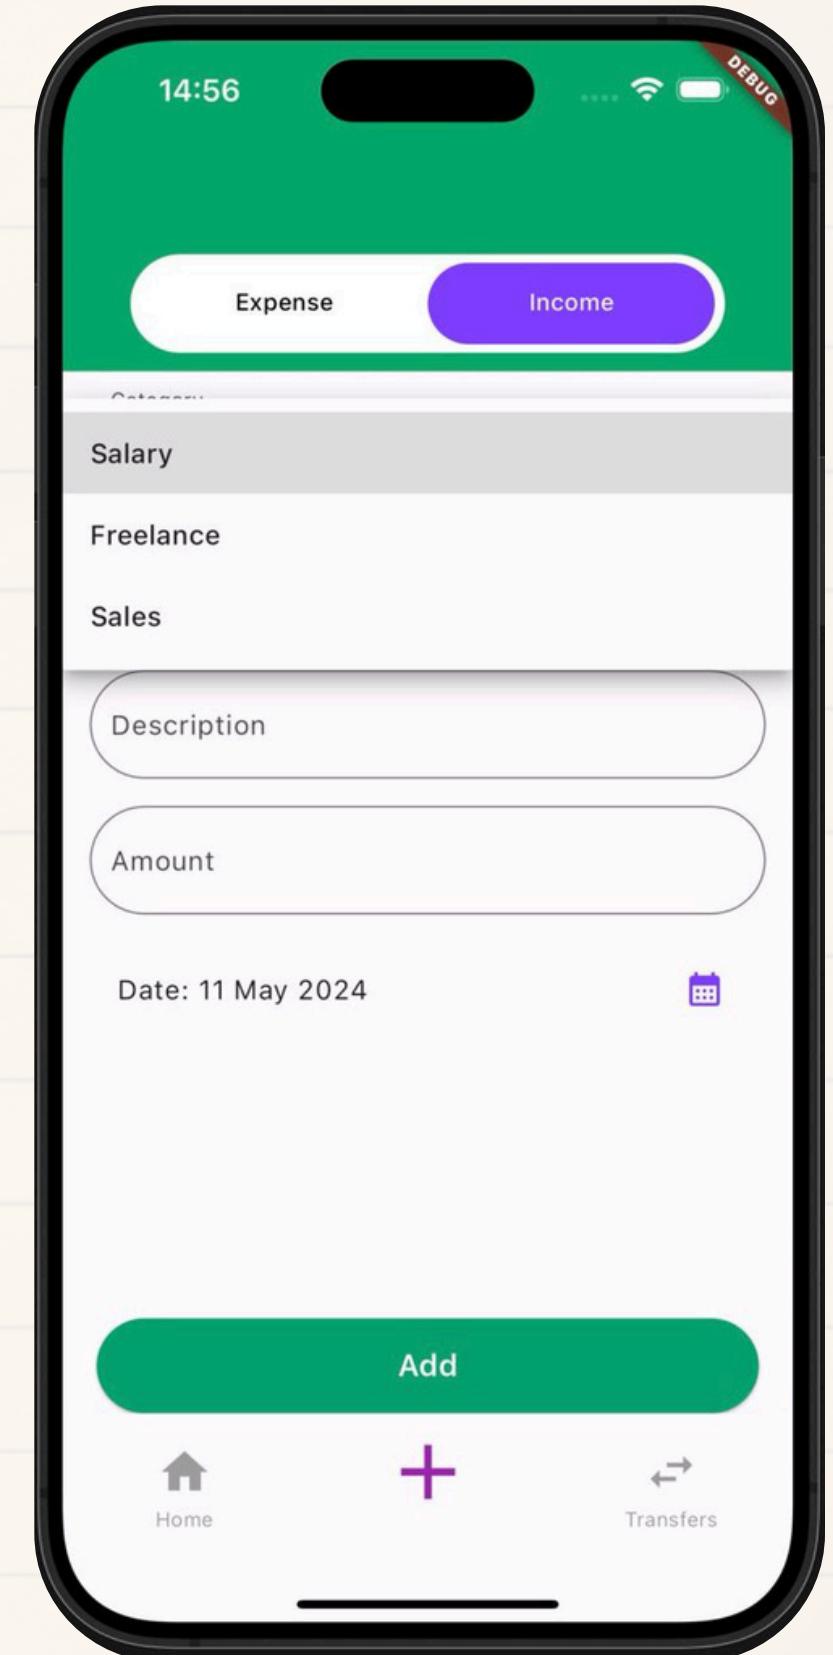

- Category drop down button: user can select a type of the expense
- Title, description text boxes: user can write the necessary information about the expense
- Amount text box: The amount of transfer can be written
- Date button: date of the expense is specified
- Add button: adds new expense to the tracker

## Income section consists of:

- Category drop down button: user can select a type of the income
- Title, description text boxes: user can write the necessary information about the expense
- Amount text box: The amount of transfer can be written
- Date button: date of the expense is specified
- Add button: adds new expense to the tracker

# TRANSFER PAGE

**Transfer page consists of:**

- Expenses section: shows all expenses made in a month
- See your financial report: will show the summary of all transactions and transactions made within a month

# FUTURE IMPROVEMENTS WE WANT TO ADD
